Hands for Growing

Hands for Growing is an 8 week summer program for anyone going into 7th or 8th grade next year.

This is the third year for this program and it just keeps getting better!

Cheyenne County DOVES and St. Patrick's Youth Ministry office team up on this program.

It combines learning simple gardening skills and relating those through games and other activities to skills needed to grow and maintain healthy relationships.

This year we'll be adding beauty to the Kids Korner Daycare—which means we'll have the fun of gardening with some of the little ones at the daycare!

We will meet each Thursday morning, June 4-July 23, from 9:00-11:00a.m.

Registration forms will be available at St. Patrick's office. There is no cost—just lots of fun and great information!
